

**Watergap Woodturners  
Meeting Notes  
S. Hendricks – Secretary**

**Meeting Notes Saturday Session – Larry Zarra**

August 3, 2024

Following are the meeting notes from the August 3, 2024, Saturday session lead by Larry Zarra at Peters Valley (PV) Wood Shop at the request of Richard Rothstein. Since Richard's PV class was cancelled and his significant other was attending a PV class he asked if the WGWT could accommodate a one-day session which they did.

The individuals in attendance were – Keith Gooding, Erick Gooding, Carl Beaulieu, Carol Paster, Patty Jennings, Steve Ackmann, Mark Wallace, Bob Amarant, Scott Hendricks and the guest Richard Rothstein.

Larry, who is a great instructor, did an outstanding job leading the session. He started by turning several small tops then had the team do the same. Next, he demonstrated turning a ball followed by turning a small hollow vessel. He had the turners do some spindle work followed by turning tops.

Larry spent time explaining the different tools that he used and demonstrated the skew chisel.

Bob Amarant, President of the NJ Wood Turners chapter, was present and a tremendous asset helping other turners when they needed assistance. Thank you, Bob!

The session started at 9:00am and end at 2:30pm.

The following pictures show some of the turning activities by Larry and the turners.
