## WGWT June 4, 2025 – Meeting Notes

This month's challenge was traversing Thunder Mountain Road. Two of the potholes were ginormous!

*"What did the pothole say to the driver? You're in for a bumpy ride."*

It was reported by every member that it was a bumpy ride. Mark contacted PV who indicated that the National Park Service is aware of the situation and working on addressing it.

Since I was unable to attendee this month's meeting, a big thank you to Mark and Keith for the meeting minutes, attendee list and the pictures.

Following are the meeting minutes.

### WGWT June 4, 2025 Meeting Minutes

\$20.00 per. presentation by Ireland, Weber, Monico

Show and Tell

### Demo - John Kananis Christmas Trees

John did a great job demonstrating making a Christmas tree. The medium is walnut, and he used a skew to cut and shape the tree.
